Re: Pre-Entry Inspection Passed for <Forest Name>

We are pleased to inform you that your forest <Forest Name> has passed the pre-entry inspection and has been assessed as ready to join the Mpingo Conservation Project’s Group Certificate for Community-Managed Forests in Tanzania.

[Our inspector found no problems with the management of your forest requiring immediate action.

OR

Our inspector found the following issues with the management of your forest which require action from you as set out in the table below. More details are in the accompanying Remedy Instructions.

RI No.	Summary	Target Date for Closure

You should ensure adequate actions are taken and have appropriate evidence to demonstrate this ready for the Inspector to check at the next monitoring visit. If you need help or support in addressing these Remedy Instructions please discuss it with any MCP representative.]

Yours sincerely,

<Manager Name>
<Position>
